---

**Beverage ordering can be done in a couple of different ways:**

**Cash Bar** - all attendees will pay for their own beverages when ordered

**Open Bar** - All attendees may order beverages at no cost to them for the party or until the dollar limit of the party is reached. Beverages are paid for by the party leader before the party or a specific dollar amount beverage tab can be set prior to the party.

**Drink Tickets** - all attendees receive a predetermined number of tickets. These tickets would purchase any beverage with the cost of that beverage being added to the party leader's tab.
